

DEA ANNISA WILONA

E-commerce Operations | Marketplace Management | Commercial Operations

East Java, Indonesia | dwilona.da@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

E-commerce operations professional with 5+ years of hands-on experience building and operating consumer brands across Shopee, TikTok Shop, Tokopedia, Lazada, and Zalora. Experience spans marketplace execution, pricing and margin management, campaigns and promotions, inventory and fulfillment, customer operations, SOP development, and small-team coordination. Has managed 2,000+ SKUs, approximately 50,000+ customer orders, and 300+ marketplace campaigns across multiple brands.

PROFESSIONAL EXPERIENCE

Founder / E-commerce & Operations Lead | Independent Multi-Brand Ecommerce Business | Indonesia | 2020 - Present

- Led end-to-end marketplace operations across multiple consumer brands, covering product listings, campaigns, promotional mechanics, pricing, order operations, customer service, inventory, and fulfillment.
- Managed 2,000+ SKUs across their product lifecycle and coordinated approximately 50,000+ customer orders across multiple marketplace channels.
- Planned and executed 300+ marketplace campaigns, including double-date events, flash sales, vouchers, promotional pricing, and seasonal campaigns.
- Managed product cost and pricing updates, margin monitoring, reseller pricing changes, and marketplace implementation to support commercially sustainable decisions.
- Coordinated inventory and fulfillment across internal and third-party warehouse operations, including replenishment schedules, stock discrepancies, damaged inventory, returns, and storage controls.
- Built and maintained operational SOPs, checklists, KPI trackers, and reporting routines covering marketplace administration, customer service, inventory, fulfillment, quality control, and recurring workflows.
- Coordinated customer service, marketplace administration, content, and warehouse responsibilities; adjusted role ownership and workload based on order volume and business priorities.
- Used Google Sheets for operational tracking, sales and margin monitoring, inventory reporting, and recurring business reviews; integrated AI-assisted workflows to accelerate SOP development, research, analysis support, internal communication, and repetitive operational tasks while retaining human review and business judgment.

SELECTED PROJECTS

- Pricing & Margin Restructuring — redesigned cost and pricing implementation when supplier/reseller costs changed, including staged price updates and revised cost tracking across order records.
- Multi-Warehouse Inventory Process — standardized replenishment cadence, damage logging, repair/defect handling, returns to the central warehouse, and storage controls for third-party fulfillment.
- Marketplace & Brand Expansion — supported new-brand launches and marketplace expansion, including product catalog preparation, pricing, listings, fulfillment workflows, and marketplace compliance.
